### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or fairly suggest an occlusive apparatus including an integral body of elastomeric polymer consisting essentially of a blunt distal tip, a frusto-conical portion extending proximally from the tip, a disc-shaped portion extending proximally from the frusto-conical portion and a proximal portion proximally of the disc-shaped portion, the diameter of the disc-shaped portion being larger than that of the frusto-conical portion and the proximal portion, the proximal portion defines a pilot hole for receiving an insertion device and defines means for receiving retraction means for removal of the body from a blood vessel lumen.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
